ClickPlain Indach Montagesystem

Produkt	**ClickPlain Indach Montagesystem**
Hersteller / CH Anbieter	**ClickCon GmbH & Co.KG XNRG**
Adresse	**Hornbachstr. 50 CH-8008 Zürich**
Kontakt	**Tel: +41 79 353 30 72 Fax: Mail: nick.schaefer@xnrg.ch Web: www.clickcon.eu**

Produkt Details

The solar modules are inserted between the ClickPlain rails, where they click into place. No screw fastening is needed. The rails serve as railways for the ClickCon module transport trolley. The trolley is secured to the rails by wheels from above and below, which keep the trolley from falling, and securely attached to the rails. A safety-harness can be attached to the rails. ClickPlain is available for framed PV modules in all popular frame heights on the market, e.g. 45mm and 46mm, and more. The system ensures the waterproofness of the roof.

Technologie:	**Any framed PV module**
Leistung [W]:	**Any (According to PV module used)**
Abmessungen [mm] L, b, d:	**Depends on PV modules and roof layout**
Spezifische Leistung [W/m^2]:	**Any (According to PV module used)**
Preis [CHF/m^2]:	**ca. 0.25CHF/Wp or ca. 30-40CHF/m^2**
Modul Gewicht [Kg]:	**Depends on PV modules**
Spezifisches Gewicht[Kg/m^2]:	**Depends on PV modules, Clickplain: 1-3**
Min. Neigung:	**5°**
Maßarbeit:	**Clickplain rail version is chosen depending on the PV modules size**
Zertifizierungen:	**-**
