Semi-transparent element for glass

Megasol Swiss Premium Transluzid

Product	Megasol Swiss Premium Transluzid
Producer / CH supplier	Megasol Energie AG
Address	Deitingenstrasse 4 CH-3380 Wangen an der Aare
Contact	Tel: +41 62 919 90 90 Fax: +41 62 919 90 99 Mail : info@megasol.ch Web: www.megasol.ch

Product specifics

The trend-setting Megasol Swiss Premium glass-glass-modules' front and backside consist of two identical glass panels. By deploying PVB encapsulating material, Swiss Premium solar modules feature an extremely long useful life of more than 50 years. Laminate clamps allow for using glass-glass-modules with all common installation systems. Their classy appearance makes them meet even high architectural requirements perfectly. Available are black, white, translucent or coloured models. For being used in high alpine environments, the modules are also available being equipped with tried-and-tested CleanFrame or NICER frames.

Technology:	Monocrystalline
Power [W]:	255 - 280
Size [mm] L, w, t:	1634 x 986 x 8
Specific power [W/m²]:	158-174
Price [CHF/m²]:	n.a.
Module weight [Kg]:	22 (excluding sub-structures)
Specific weight [Kg/m²]:	13.7 (excluding sub-structures)
Min. tilt:	-
Custom made:	Size, shape, colour, cell spacing, glass tickness, frame
Certifications:	IEC 61215, IEC 61701 I+II, IEC 61730, IEC 62716, cl.4 hail (CH)
