Product specifics

The product combines the technology of solar thermal collectors and photovoltaic panels with the practicality of tiles used for ordinary roofing. Tegola solare NEW ROOF, in the SOLAR version or the THERMAL version, does not require any special installation. Replaces the common covering simply by occupying its place. Each module occupies the space of about 6 tiles. There is also the thermal and hybrid (photovoltaic+thermal) version of this product.

Technology:	Monocrystalline
Power [W]:	70
Size [mm] L, w, t:	1838 x 275 x 5 (module), 2013 x 500 x 28 (system)
Specific power [W/m²]:	76.1
Price [CHF/m²]:	1.6-2 (€/Wp)
Module weight [Kg]:	5.5
Specific weight [Kg/m²]:	6
Min. tilt:	n.d.
Custom made:	n.d.
Certifications:	n.d.
